CLOSEOUT MEMORANDUM

Case Number: A13030044

Page 1 of 1

We assessed an allegation that a principal investigator (PI)¹ did not disclose an external appointment on his biographical sketch included with submitted NSF proposals.² We established that the appointment did not trigger related financial conflicts of interests at the university, and did not compromise proposal review at NSF. We reminded the PI's university³ of the need for full and accurate disclosure of external appointments.

This case is closed with no further action taken.
