## CLOSEOUT MEMORANDUM

Case Number: I-16-0014-O

Page 1 of 1

We received allegations concerning an SBIR awardee and a university misusing NSF funds. We found no evidence to substantiate the allegations. During our investigation, the university identified approximately \$23,000 in effort variances related to two individuals who worked on an NSF award. The university credited the approximately \$23,000 back to the NSF award.

This case is closed with no further action taken.
