## CLOSEOUT MEMORANDUM

Case Number: I-16-0082-O

Page 1 of 1

A program officer forwarded an allegation of plagiarism, from a reviewer of a proposal, to our office. The PI and co-PI were able to prove that they were the original authors of some of the questioned text. The remaining text in question was written by a collaborator in the proposal. We determined that no research misconduct had occurred.

This case is closed with no further action taken.
