OFFICE OF INVESTIGATIONS

CLOSEOUT MEMORANDUM

Case Number: I-17-0007-O

Page 1 of 1

We initiated an investigation after receiving a communication from a program official,¹ sharing information he said was received from a professor at a university,² concerning potential misuse of NSF funds.

We interviewed the professor, who expressed surprise that the matter had been shared with us. She explained that she discussed the matter with a the program official as a speculative possibility and that she does not believe there are any issues with the way NSF funds were, or are being used.

Accordingly, this case is closed.
