CLOSEOUT MEMORANDUM

Case Number: I-17-0034-O

Page 1 of 1

A former graduate student alleged his former advisor, an NSF PI, withheld data from him, may have selectively reported data in a recent NSF proposal, and may have used NSF funds for personal travel. The complainant did not provide any evidence to support his allegations. Our review of the matter found nothing to support the allegations.

This case is **closed** with no further action taken.
