CLOSEOUT MEMORANDUM

Case Number: I-17-0070-O

Page 1 of 1

An NSF program officer forwarded allegations that an NSF PI (Subject) withheld data, thus impeding the research related to an NSF-sponsored trip. Additional allegations concerned a sample missing from an NSF-funded repository. These allegations are programmatic in nature, and we coordinated with the relevant program officers to resolve them.

This case is **closed** with no further action taken.
