OFFICE OF INVESTIGATIONS

## CLOSEOUT MEMORANDUM

**Case Number: I-18-0057-O**

Page 1 of 1

We opened an investigation upon learning that the Principal Investigator (PI) of an NSF award was arrested for misuse of funds related to awards from another government agency. Our investigation determined that there was no misuse of NSF funds. The university has since replaced the PI on the NSF grant.

This case is **closed** with no further action taken.
