CLOSEOUT MEMORANDUM

Case Number: I-18-0089-O

Page 1 of 1

NSF OIG received an allegation of plagiarism in an NSF proposal (Proposal). Specifically, it was alleged that the Subject plagiarized text from an awarded NSF proposal (Award) into her Proposal.

Our review determined that the Subject was named Co-PI on the Award and that, as a named co-author, she could reuse the text contained in the Award within her Proposal.

Accordingly, this case is closed with no further action taken.
