## CLOSEOUT MEMORANDUM

Case Number: I-19-0060-O

Page 1 of 1

We reviewed an allegation that two NSF Principal Investigators (PIs) failed to disclose financial support from a foreign source as Current and Pending Support (C&PS) in NSF proposals submitted between 2015 and 2019.

Our investigation determined that the financial support from the foreign source was in the nature of unrestricted gifts to the university, made to the university's industrial affiliates program. The university complied with federal reporting requirements for such gifts.

We coordinated with NSF and determined that the PIs were not required to report such gifts as Current and Pending Support.

This case is closed with no further action taken.
