CLOSEOUT MEMORANDUM

Case Number: I-10-08-0040

Page 1 of 1

This investigation was opened based on information that a university¹ potentially received overlapping grants from NSF² and another federal agency³.

Investigation, which included interviews of the program officers of both agencies revealed that there was initially some overlap in the two proposals; however, the program officers negotiated a resolution which removed the overlapping objective and corresponding funding in one of the proposals. The university was able to proceed with both awards.

Accordingly, this investigation is closed.
