CLOSEOUT MEMORANDUM

Case Number: I14090034

Page 1 of 1

We opened this case to investigate whether a company¹ received duplicate funding from NSF² and other federal agencies.³

We compared the project reports for the NSF award and the other federal agencies' awards using plagiarism-detection software. We did not find significant duplication among the awards and concluded there was likely no overlap among the awards. We reviewed the company financials, and documents pertaining to the company's facilities and personnel, and did not find issues warranting further investigation.

This case is closed with no further action taken.
