Case Number: I-15-06-0030

Page 1 of 1

This investigation was initiated based on information that a company¹ was selling a medical product using a website² that contained the National Science Foundation (NSF) logo.

While we initially observed the NSF logo on the company website, during our investigation it was noted that the website no longer exists. The contact information associated with the internet domain registration for the website is in China, beyond our jurisdiction.

Accordingly, this investigation is closed.
