ON: Allegations arising out of [REDACTED]

[REDACTED]

The NSF On-line PI History Program of 3/8/90 showed no PI History for either [REDACTED] or [REDACTED]. This means that neither has submitted a proposal to the National Science Foundation as a principal investigator.

I therefore conclude that any allegation based on the material submitted to the Office of Inspector General by the [REDACTED] can not be related to the National Science Foundation and close this preliminary inquiry.
