Diary Note

Phone call and visit from [REDACTED], [REDACTED], July [REDACTED] 1991.

[REDACTED] brought me a case consisting of an anonymous letter sent to one of his [REDACTED]. It names a specific NSF grantee that his organization has funded, but not any specific grant. It charges that grantee with general fraud and abuse. When [REDACTED] brought up the letter, he noted that the complaint was basically about waste of [REDACTED] funds. He has no idea what [REDACTED] award might be involved.
