CLOSEOUT MEMORANDUM

Case Number: I-20-0010-O

Page 1 of 2

We investigated allegations that a tenured university professor, who was the PI or Co-PI on multiple NSF awards, failed to disclose his affiliation with a foreign university in several proposals submitted to NSF. Our investigation substantiated that the professor had an employment contract with a foreign university from 2009 through 2012 that was not disclosed to NSF. However, the professor's U.S. university was aware of the activity and subsequent disclosures regarding the professor's foreign affiliations were made to NSF. We did not identify evidence of undisclosed funding.

This case is *closed* with no further investigative action taken.
